Description:	Dear Parents and Caregivers,
	We are excited to inform you about the upcoming Life Education program, which provides valuable learning experiences for our students. Life Education is designed to equip children with essential skills and knowledge that promote healthy choices and positive behaviours.
	Through this program, students have explored a range of topics, including:
	Understanding nutrition and making healthy food choices
	The importance of physical activity and maintaining a healthy lifestyle
	Developing social skills and emotional resilience
	Identifying and managing risks
	Building respectful relationships
	Historically, the costs associated with this program have been covered by the school. However, this year, we are asking parents to pay \$14 per child to ensure that we can continue to provide this important learning opportunity for our students.
	Thank you for your support and commitment to enhancing our children's education. Together, we can help them make informed choices and develop into healthy, responsible individuals.
	Warm regards,
